STATISTICS*

**Statistics can only be added to past events.*

Sports Illustrated Play has pre-configured all sport specific statistics according to the links below:

- [Baseball/Softball](#)
- [Basketball](#)
- [Football](#)
- [Lacrosse](#)
- [Soccer](#)
- [Bowling](#)
- [Volleyball](#)
- [Hockey](#)

Configure Statistics

Sport specific statistics are set at the program level. Each program will automatically inherit the identified sport of the organization. If your organization's identified sport is Multi-Sport, each program will inherit Baseball statistics by default.

Update Program Sport Setting

To update the sport setting of your program:

1. Go to **Registrations > Manage Programs**.
2. Select your **Program**.
3. Click **Settings**.
4. Under the **General Settings** section of the form, choose the program's sport from the dropdown.
5. Once complete, click **Save**.
6. Repeat the steps above for each applicable program.

Enable/Disable Statistics

After configuring your program's sport, you can then adjust which statistics are available to track, and posted to your organization's website. To do this:

1. Go to **Setup > Website Settings > Statistics**.
2. Select your **Program**.
3. You can choose whether or not you would like to capture all statistics or choose those statistics you wish to report on.
 - To disable statistic tracking for your program, select **Off**.
 - To disable specific statistics, uncheck **Active** next to the respective statistic. Be sure to click **Save** after updating individual statistic tracking.

Add Statistics

To add statistics:

1. Go to **Schedules & Games > Game Scores & Stats**.

Scores, Statistics and Standings

2. Select your **Session** and/or Division and/or Team.
3. Under actions, click **Add Stats** next to the applicable game.
 - You cannot enter statistics for a game without scores.
4. Select the **Team**.
5. Enter all applicable statistics.
6. Once complete, click **Save**.

Edit Statistics

To edit statistics:

1. Go to **Schedules & Games > Game Scores & Stats**.
2. Select your **Session** and/or Division and/or Team.
3. Under actions, click **Edit Stats** next to the applicable game.
4. Select the **Team**.
5. Edit all applicable statistics.
6. Once complete, click **Save**.

STANDINGS

Standings are configured at the program level. You can configure standings based on games behind and points based, with a tiebreaker method.

To update your standings:

1. Go to **Setup > Website Settings > Standings**.
2. Select your **Program**.
3. Update your standings configuration to your specifications.
4. Once complete, click **Save**.
